

This is the title

This is the subtitle

Author1, Author2

Executive Summary

Here's what this report is about.

With some bullet points:

- One
- Two
- Three

Then some numbers:

1. **Important finding 1:** one
2. **Important finding 2:** two
3. **Important finding 3:** three

Background

bold or *italic* or just regular words

Methodology

Stuff

Let's write a statement using something in the dataframe we just created in our code. On 2021-01-12, there were 196,340 cumulative cases and 2,148 cumulative deaths in Orange County, California.

Data Sources

Here's our data sources, let's add a table with some formatting!

TABLE 1

Data Sources

Data	Source	Years
Dataset1	Source1	2000-2020
Dataset2	Source2	2000-2020
Dataset3	Source3	2000-2020

Source: Census Bureau

Analysis Findings

Let's print another table using a dataframe we already created.

TABLE 2

Printed Data

date	county	hospitalized_covid	icu_covid
2021-01-12	Orange	2222	548

Conclusion
